LEPC GENERAL COMMITTEE MEETING MINUTES

Date: Thursday, October 22, 2009

Time: 11:30 a.m.

Location: McSalty's, 2627 E. Sunshine

The October LEPC General Membership meeting was called to order by Chair, Lisa Cardone at 11:40 a.m. Introductions were made around the room.

Chair Lisa Cardone called for any changes to the minutes of the June 18, 2009 general membership meeting. J. R. Webb made a motion to approve the minutes as written which was seconded by Mike Bennett. A vote was held and passed. The minutes were approved as presented.

OLD BUSINESS

Ryan Nicholls gave the Financial Statement Report for the LEPC. The new fiscal year started July 1 and reported less than 18% (\$11,600) of the budget had been expended so far. Most of these expenses were related to the Airport Full Scale Exercise and training events. The current balance was reported at \$53,714. Complete Treasurer's Reports were available for those that wanted one to review.

John Elmore is now the Hazmat Resource person – replacing Mike White in this position.

Lisa Cardone provided the group with the MERC update. MERC has funding to provide scholarships to attend the Hazardous Materials Symposium at Tan-Tar-A December 9-11. See the MERC website for this application. The LEPC has also decided to assist members with symposium costs – registration and mileage. Members were encouraged to see Ryan for LEPC funding applications. Ryan said he had three applications so far. The deadline for funding assistance applications is November 2nd.

Lisa also reported that there are 36 facilities in Missouri that have delinquent RMPs.

In 2008 there were 500 Missouri facilities that had EPCRA reports.

Lisa also reported there is a Missouri Propane Gas Commission presentation available for viewing on the website some might be interested in seeing.

Shea gave the regional HAZMAT and WMD Planning Update. The RHSOC meeting had about 200 attendees with good LEPC representation.

There will be an increased effort to identify critical infrastructure in Greene County within the next year.

Ty gave a training update. There have been several courses completed since the last meeting and more coming up. Members were encouraged to check the LEPC website for the current class schedule. Shea is a certified CAP-TAP trainer in Missouri now.

Ty passed out a MERC course list and asked members to review the list and prioritize the courses listed and return the forms to him. Randall Willoughby, MDNR, mentioned that there is also a meth lab training provided in Jefferson City by the MDNR. If there are other training needs members were asked to add them to the existing list. Training needs should be sent to Ty by November 13th.

John Elmore provided an update on CERT training and events. Springfield Public Schools are now in CERT training with about 65-70 attendees. There are over 100 students enrolled in CERT classes for October-November. John is currently working to set up CERT classes at Missouri State University. January will be the next CERT class offered at the OEM. The next CERT classes will start in October, watch the LEPC website for details.

Other Old Business:

Lisa asked for other old business. None was brought forth.

NEW BUSINESS

The airport presentation will be brought to the December meeting.

Lisa informed members that February is LEPC Executive Committee elections. Positions that need to be filled this year are the Chair and two Member-at-Large positions. Nominations can be sent to Karen.

Lisa asked members what they would like to see at the December General Membership meeting. Discussion was held and it was decided to try to schedule the room at the Springfield Brewery for a 4:00 p.m. meeting. The meeting will be followed by a social mixer including a white elephant gift exchange.

Other New Business was called for by Lisa.

Members wishing to participate in the G. S. Robins facility, 2241 E. Bennett, can rendezvous there after the meeting. Dale Benson told members about the facility how to best travel there and park.

With no additional business brought forth; a motion was made by Chuck Kroeger and seconded by J D. Landon to adjourn. A vote was held and passed.

Lisa announced the meeting to be adjourned at 12:30 pm.

Respectfully Submitted,
Karen McKinnis, LEPC Secretary

Members in Attendance	
Name	Agency Affiliation
Bart Andrews	SFD
Ted Barbee	Positronics
